.....

This policy outlines St Edward's Church of England Academy's responsibility to provide adequate and appropriate first aid to pupils, staff, parents and visitors, and the procedures in place to meet that responsibility. First Aid is the initial help a person gives a casualty for treatment of any sudden injury or illness, until professional help from external agencies like the paramedic service arrives, or the casualty can be given over to the care of a responsible adult who is entrusted with taking further medical advice where necessary. St Edward's Church of England Academy will provide First Aid such that all students attending our school have full access to learning, including those with medical needs. The school will endeavour to keep every student safe and comfortable whilst at school. If a student requires First Aid the school will inform parents or carers as appropriate.

1. Aims

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

2. Legislation and guidance

This policy is based on advice from the Department for Education on [first aid in schools](#) and [health and safety in schools](#), and the following legislation:

- [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The Education \(Independent School Standards\) Regulations 2014](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

This policy complies with our funding agreement and articles of association.
